

It's Go-Pher Time!!!

See you in Hutchinson, MN!

Friday, December 12—Annual Meeting at 1:00 pm, Banquet at 6:30 pm

Saturday, December 13—Go-Pher the Purple Sale 12:00 Noon

From the Sale Manager:

Hello fellow Hereford breeders,

The time has come once again for another Go-Pher Sale. As I write this, we are getting ready to head out for a few days of videoing and picturing of the sale offering. I am excited to see what the breeders have consigned for this year's sale. By the looks of the pedigrees, there are some really interesting genetics being offered. Sales so far this fall have been really good, and I expect the same with this year's Go-Pher Sale.

I want to personally thank the consignors who continue to support their state sale and encourage everyone to attend the annual meeting, banquet, and this year's Go-Pher Sale on Sat. Dec 13th. If anyone has any questions, concerns, or would like more info, please feel free to call me anytime.

Regards, Steve Wolff 701-710-1574

*Go-Pher
the Purple!*

THANK YOU to *Springwater Polled Herefords, Carlson Farms, and JMF Herefords* for sponsoring this **Go-Pher Edition Newsletter!**

From the President:

Three weeks ago it looked like mother nature was going to make it a long hard fall, but October has been wonderful for harvest and weaning calves. September was a busy month for Hereford breeders as we had the state fair, handful of sales that were very exciting, and our fall tour. The cattle looked great and everyone had a good time.

Now we turn our attention to our annual meeting and the Go-Pher the Purple Sale. Steve is working on putting it all together and this year should be another great year to market quality Hereford seedstock. If you have any questions give Steve a call. This is by far our biggest event for the association and we will be putting together a directory this coming year. So put it on your schedule to be in Hutchinson in December. Great people and great Hereford cattle.

Hopefully your fall work is getting done and the calves are what you hoped they would be. Remember to cut the average bull calves so we can get more "good" Hereford bulls breeding black cows in the country.

Take care and see you in Hutchinson. Daryl

Go-Pher the Purple Consignments

from
Carlson Farms

415 is sired by GV CMR 351 Proof and out of a Tundra 77U daughter who was purchased from Boettchers Brookview of Wisconsin.

427 is sired by LHF 3T Progressive Y103, our heifer bull who came from Larson Hereford Farms. Her dam is an About Time daughter which we purchased in the 2012 Go-Pher Sale from Reed Stock Farm.

4107 is a growth bred heifer sired by TH 513U Tundra 98Y. She is bred to RBC 7226 Domino 276.

MN Beef Expo Report:

The 14th annual Minnesota Beef Expo was held October 16-19th at the state fairgrounds in St. Paul, MN. The popularity of the Hereford breed was evidenced by the number of Herefords in the barns. This 4 day family event continues to grow and is a great place to showcase high quality Hereford cattle.

The sale portion of the beef expo kicked off on Friday night with the White Satin on Ice embryo sale. Three lots of Hereford eggs averaged \$433/embryo. Springwater Polled Herefords consigned the high selling lot with embryos sired by Cracker Jack bringing \$500/embryo.

Saturday was sale cattle day. This year the Hereford heifers fell 1 short of the 8 head requirement to have a breed show, so they fell into the Registered Other Breeds show. Seven Hereford heifers averaged \$2571 with the high seller being consigned by Delaney Herefords. She brought \$3400 and was purchased by Jon-Dor Herefords from Rushford, MN. There were only 2 Hereford steers in this years sale, but they proved to be quite popular as they averaged \$3350. Delaney Herefords consigned the high seller who commanded \$4000 and sold to Doug Possail of Arco, MN.

The Junior show was held on Sunday and I believe the Hereford heifers was once again the largest breed show. Spencer Baker of Rochester, MN exhibited the Champion Hereford heifer with BHF 143 Candy Crush 43B. Reserve Champion went to Sara Weber of Lake Benton, MN with SPH 35U Miss Cracker 71A. The Champion Hereford Prospect steer was shown

by Nick Delaney of Lake Benton, MN. Reserve Champion honors went to Halle Walsh of Degraff, MN. Congratulations to all of you! Thank you to the Minnesota Junior Hereford Breeders for sponsoring all of the classes in the Junior Show.

The Minnesota Youth Beef Experience Program heifers were presented on Saturday evening prior to the selection of the Supreme Champion Sale cattle. I would like to send a huge Thank You to everyone at J&J Hanson Herefords of Comfrey, MN for donating this years heifer. Shianne Teas from Aitkin, MN is the proud recipient of this heifer, and hopefully this is the start of her building a herd of Hereford cows. We are always looking for heifers for this exciting program. If your farm is interested in getting involved in the MYBEP program please contact Troy Williamson or Steve Kruse. They will be happy to answer any questions you may have.

Thanks,
Troy Williamson
